UVS

ULTIMATE
Visual Solutions

THE ULTIMATE VISUAL SOLUTIONS FOR ALL REQUIREMENTS.

MADE IN BRITAIN

Live, online demos available

We supply and install a wide range of display technology for use in 24/7 control room environments and other applications, including professional-grade LCD video wall screens, LED video walls and where applicable, the latest rear projection displays.

Our capabilities also include the selection and supply of video wall controller solutions, including UVS's own Lucidity brand, and other control room associated systems such as KVM and operator personal workspace solutions.

- ✓ **Established since 2007**
- ✓ **Hundreds of completed installations**
- ✓ **Turnkey solution provided**
- ✓ **Annual support contracts**
- ✓ **Wide range of scalable solutions**
- ✓ **Live, online demos**
- ✓ **KVM over IP system**
- ✓ **Operator workspace solutions**

Not only were they local to us, which mattered to us as a business, but they had a product that ticked all the boxes when it comes to functionality. The guys at UVS were really accommodating in terms of bringing our vision to life and we're really happy with the end result.

Paul Scarborough, Chief Marketing Officer Businesswise Solutions

THE ULTIMATE VISUAL SOLUTIONS FOR ALL REQUIREMENTS.

Endless customisation capabilities with our range of video wall controllers

Our Lucidity video wall controllers have been developed with simplicity and ease of use in mind. Offering a sophisticated solution which is straightforward in set-up and operation, our Lucidity video wall controllers can be tailored to the specific needs and budget of each project and configured to maximise the potential of any display.

MADE IN® BRITAIN

The perfect companion

Simple yet supremely powerful video wall software

The Lucidity video wall manager control platform has been designed from the ground up, to ensure it's fully functional and simple to use.

UVS have over 80 years' combined experience in the video wall control room market, which has evolved in to the Lucidity video wall manager platform. Each of the features within Lucidity have been influenced by customer feedback over the years. The Lucidity video wall manager control platform allows for multiple source types including RSS / message box tickers, physically connected sources e.g. HDMI, IP Camera / IPTV streams, web pages and even remote desktop display & control via VNC/RDP (LVC – Lucidity View & Control).

High performance processing for all of your video wall, video wall controller and associated control room system needs, complete with a unique support package.

 Telephone support

 Remote IT support

 Emergency callouts

 Tailored packages

Supplying worldwide

We're trusted by hundreds of customers worldwide to deliver high-quality video wall controller solutions in our overseas markets

It's a pleasure to help innovative businesses like UVS to maximise their international potential. UVS combines great quality products, enabling software, effective project management with personalised customer service that delivers every time, making the UVS offering very appealing to the discerning buyer wherever they are in the world.
